

# How To Create A Good Habit

The 1st Law	Make It Obvious
1.1	Fill out your Habits Scorecard as outlined in the article (link at bottom). Write down your current habits to be aware of them.
1.2	Use implementation intentions: "I will [BEHAVIOR] at [TIME] in [LOCATION]."
1.3	Use Habit Stacking: "After [CURRENT HABIT], I will [NEW HABIT]."
1.4	Design your environment. Make the cues of good habits obvious and visible.
The 2nd Law	Make It Attractive
2.1	Use temptation bundling. Pair an action you want to do with an action you need to do.
2.2	Join a culture where your desired behavior is the normal behavior.
2.3	Create a motivation ritual. Do something you enjoy immediately before a difficult habit.
The 3rd Law	Make It Easy
3.1	Reduce friction. Decrease the number of steps between you and your good habits.
3.2	Prime the environment. Prepare your environment to make future actions easier.
3.3	Master the decisive moment. Optimize the small choices that deliver outsized impact.
3.4	Use the Two-Minute Rule. Downscale your habits until they can be done in two minutes or less. Huge in preventing overload.
3.5	Automate your habits. Invest in technology and one time purchases that lock in future behavior.
The 4th Law	Make It Satisfying
4.1	Use reinforcement. Give yourself an immediate reward when you complete your habit.
4.2	Make "doing nothing" enjoyable. When avoiding a bad habit, make a way of seeing the benefits.
4.3	Use a habit tracker. Keep track of your habit chain, and "do not break the chain."
4.4	Never miss twice. When you forget to do a habit, make sure you get back on track immediately.
